

Accreditation & memberships

The Company has received accreditation and membership of the Dow Jones Sustainability Europe Index of leading companies since 2005. In 2020 it scored 76% for climate strategy (84 percentile) and 65% for operational eco-efficiency (82 percentile). Based on our performance, we qualified for inclusion in S&P’s SAM Sustainability Yearbook 2021, as a Yearbook Member. This means our sustainability performance is within the top 15% of our industry and that our score advanced most from 2019 to 2020, compared to our industry peers.

For its submission to the 2020 Carbon Disclosure Project index, the Company was ranked in the D performance band, prior to announcing the Company’s new Environment strategy, plan and commitments.

Rentokil Initial is a member of the FTSE4Good Index. OpenCorporation places the Company 10th out of 568 companies for ESG, covering a broad analysis focused on areas such as workplace, social responsibility, finance, diversity, governance and environment.

Vigeo Eiris ranks Rentokil Initial 1st out of 99 companies in Business Services. As at 31 December 2020, the Company was ESG rated as ‘AA’ by MSCI, as Prime by ISS ESG (with a decile rank of 1 indicating a high relative ESG performance) and as ‘low risk’ for ESG by Sustainalytics.

Environmental certification: 21 of our business operations have environmental management systems certified to ISO 14001, representing around 13% of Group revenue in 2020.

Eco-Label: The Company’s Eco-Label accredited range of soaps and washroom equipment is designed to ensure customers have environmentally accredited products, delivering reduced environmental impacts. We have also received Eco-Label accreditation for our Eco-Clear urinals solution that combines a water management device and patented urinal sleeve, and contains bio-enzymes penetrating uric acid, salt and scale, preventing build-ups, and eliminating foul odours.

The specially designed water manager enables up to 90% water saving without affecting urinal hygiene levels.

PlanetMark: After five years of working closely with experts in the LED industry, Lumnia is the world’s first range of fly control traps to use patented LED lighting technology rather than traditional fluorescent tubes.

As well as external certification from PlanetMark last year for demonstrating 62% lower carbon emissions and removing mercury from the waste stream, we received The Queen’s Award for Enterprise: Innovation for the development of this sustainable product.
